First Sterile Neutrino Search at NOvA Experiment Using both Neutrino and Anti-Neutrino Data A dissertation submitted in partial fulfilment of the requirements for the degree of Doctor of Philosophy by SHIVAM Department of Physics, Indian Institute of Technology Guwahati Guwahati - 781039, Assam, India. February 2, 2026 © 2026 Shivam ALL RIGHTS RESERVED Declaration Shivam Roll No. 206121029 Department of Physics Indian Institute of Technology Guwahati Guwahati, India email: shivam 1997@iitg.ac.in I hereby declare that works presented in the thesis entitled "First Sterile Neutrino Search at NOvA Experiment Using both Neutrino and Anti-Neutrino Data" have been carried out by me under the supervision of Prof. Bipul Bhuyan at the Department of Physics, Indian Institute of Technology Guwahati, India. The thesis has not been submitted anywhere else for any degree. Works presented in the thesis are all my own unless referenced to the contrary in the thesis. Signature Certificate Prof. Bipul Bhuyan Department of Physics Indian Institute of Technology Guwahati Guwahati, India email: bhuyan@iitg.ac.in This is certified that the work contained in the thesis entitled "First Sterile Neutrino Search at NOvA Experiment Using both Neutrino and Anti- Neutrino Data" by Mr. Shivam (Roll No 206121029), a Ph.D. student in the Department of Physics, Indian Institute of Technology Guwahati, is carried out under my guidance. The results demonstrated in this thesis have not been submitted to any other Institute or University for the award of any other degree or diploma. Signature Acknowledgement Science is not pursued in isolation; it is a collective endeavour and requires sustained efforts and collaboration, and this work is no exception. I would like to begin by expressing my sincere gratitude to all those who have supported me throughout this journey. If I unintentionally forgot to mention anyone, I offer my heartfelt apologies, as every contribution direct or indirect has been deeply valued. First and foremost, I would like to express my sincere gratitude to my supervisor, Prof. Bipul Bhuyan, for providing me
